

How is...

My backyard

like

Iowa?

How is...

My backyard

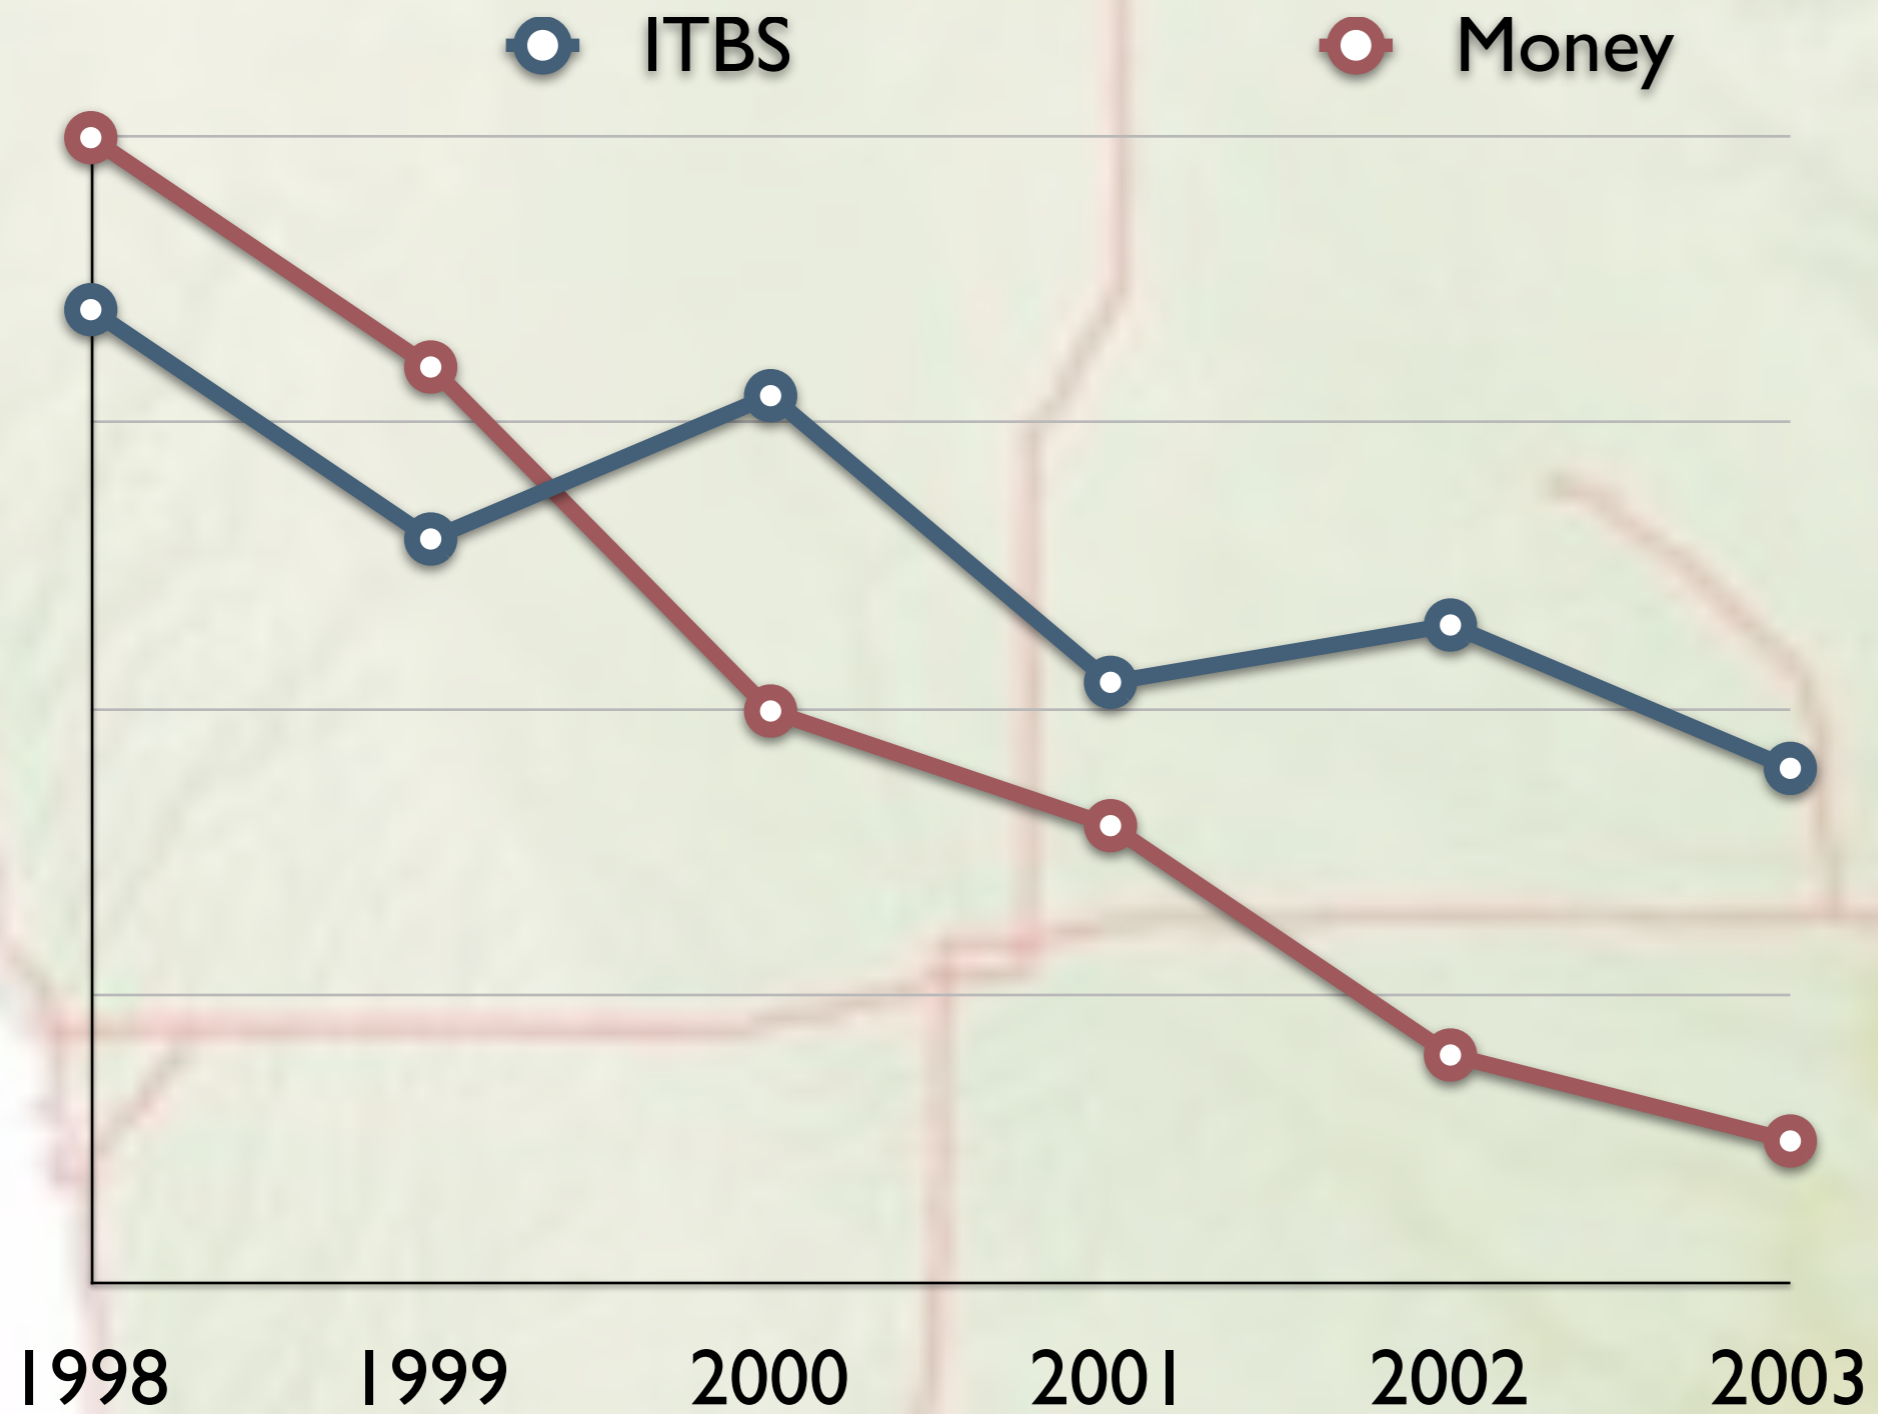

They both have
problems!

Iowa?

Problem...

Problem...

How do we know there's a problem?

How do we know there's a problem?

I don't see any problems

How do we know there's a problem?

Where did the problem come from?

Where do baby moles come from?

The female adult mole gives birth to a litter of 3 to 4 young in the spring.

Where did the problem come from?

Where do baby moles come from?

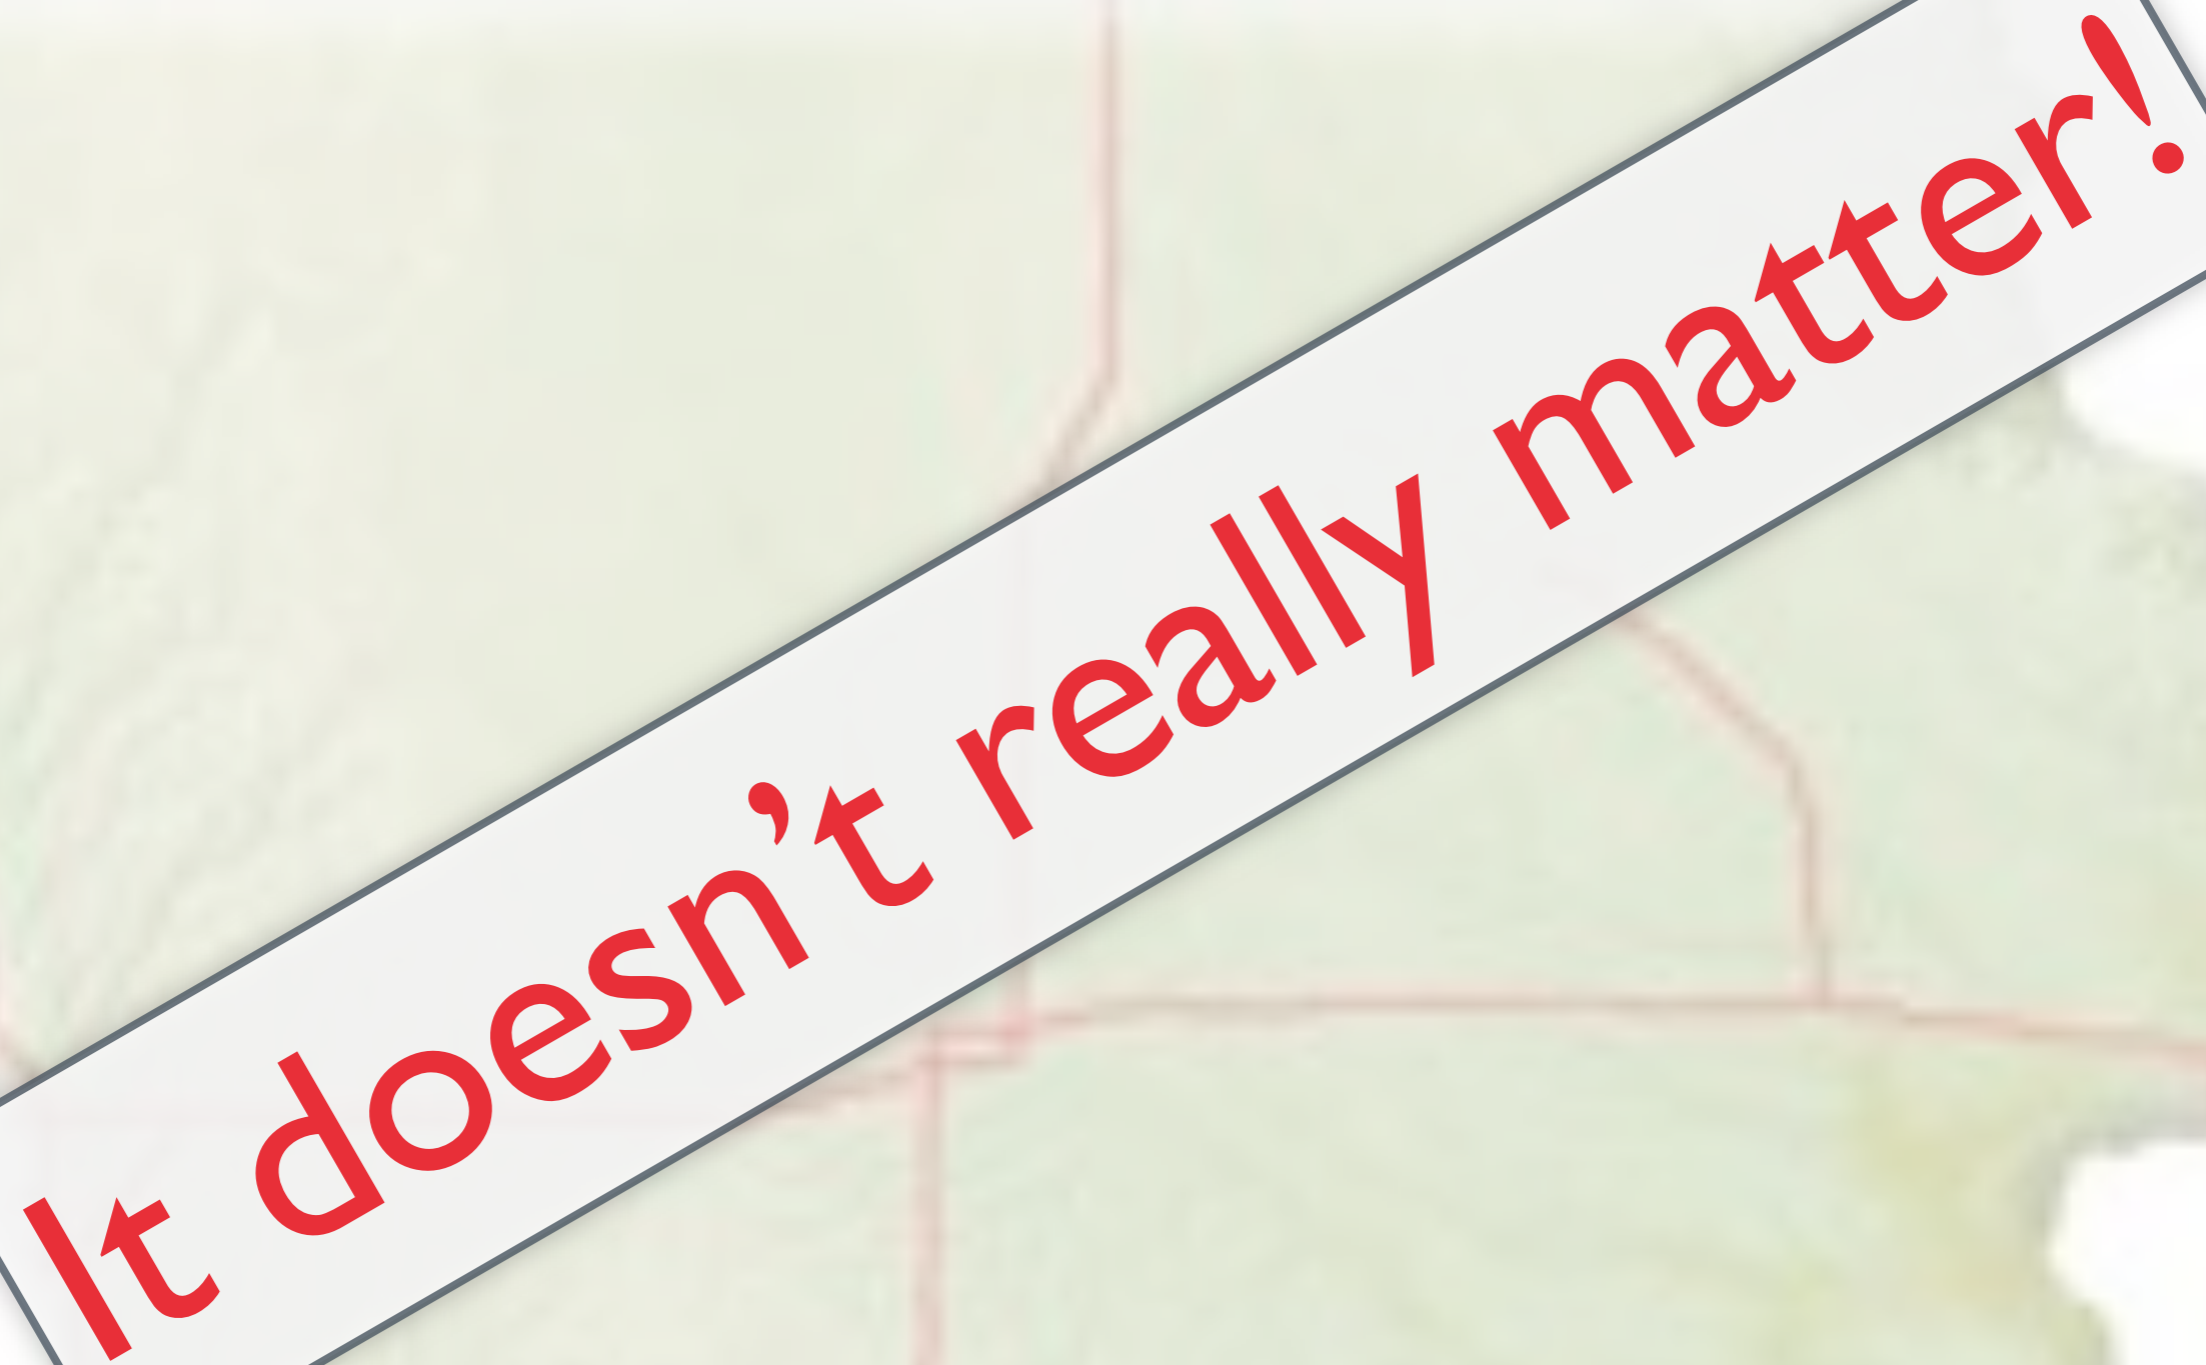

The female adult mole gives birth to a litter of 3 to 4 young in the spring.

It doesn't really matter!

Where did the problem come from?

Where did the problem come from?

A map of the United States is shown in the background, rendered in a light green and yellow color scheme. A diagonal banner with a grey background and a dark grey border is overlaid on the map. The banner contains the text "It doesn't really matter!" in a bold, red, sans-serif font.

It doesn't really matter!

What variables can I control?

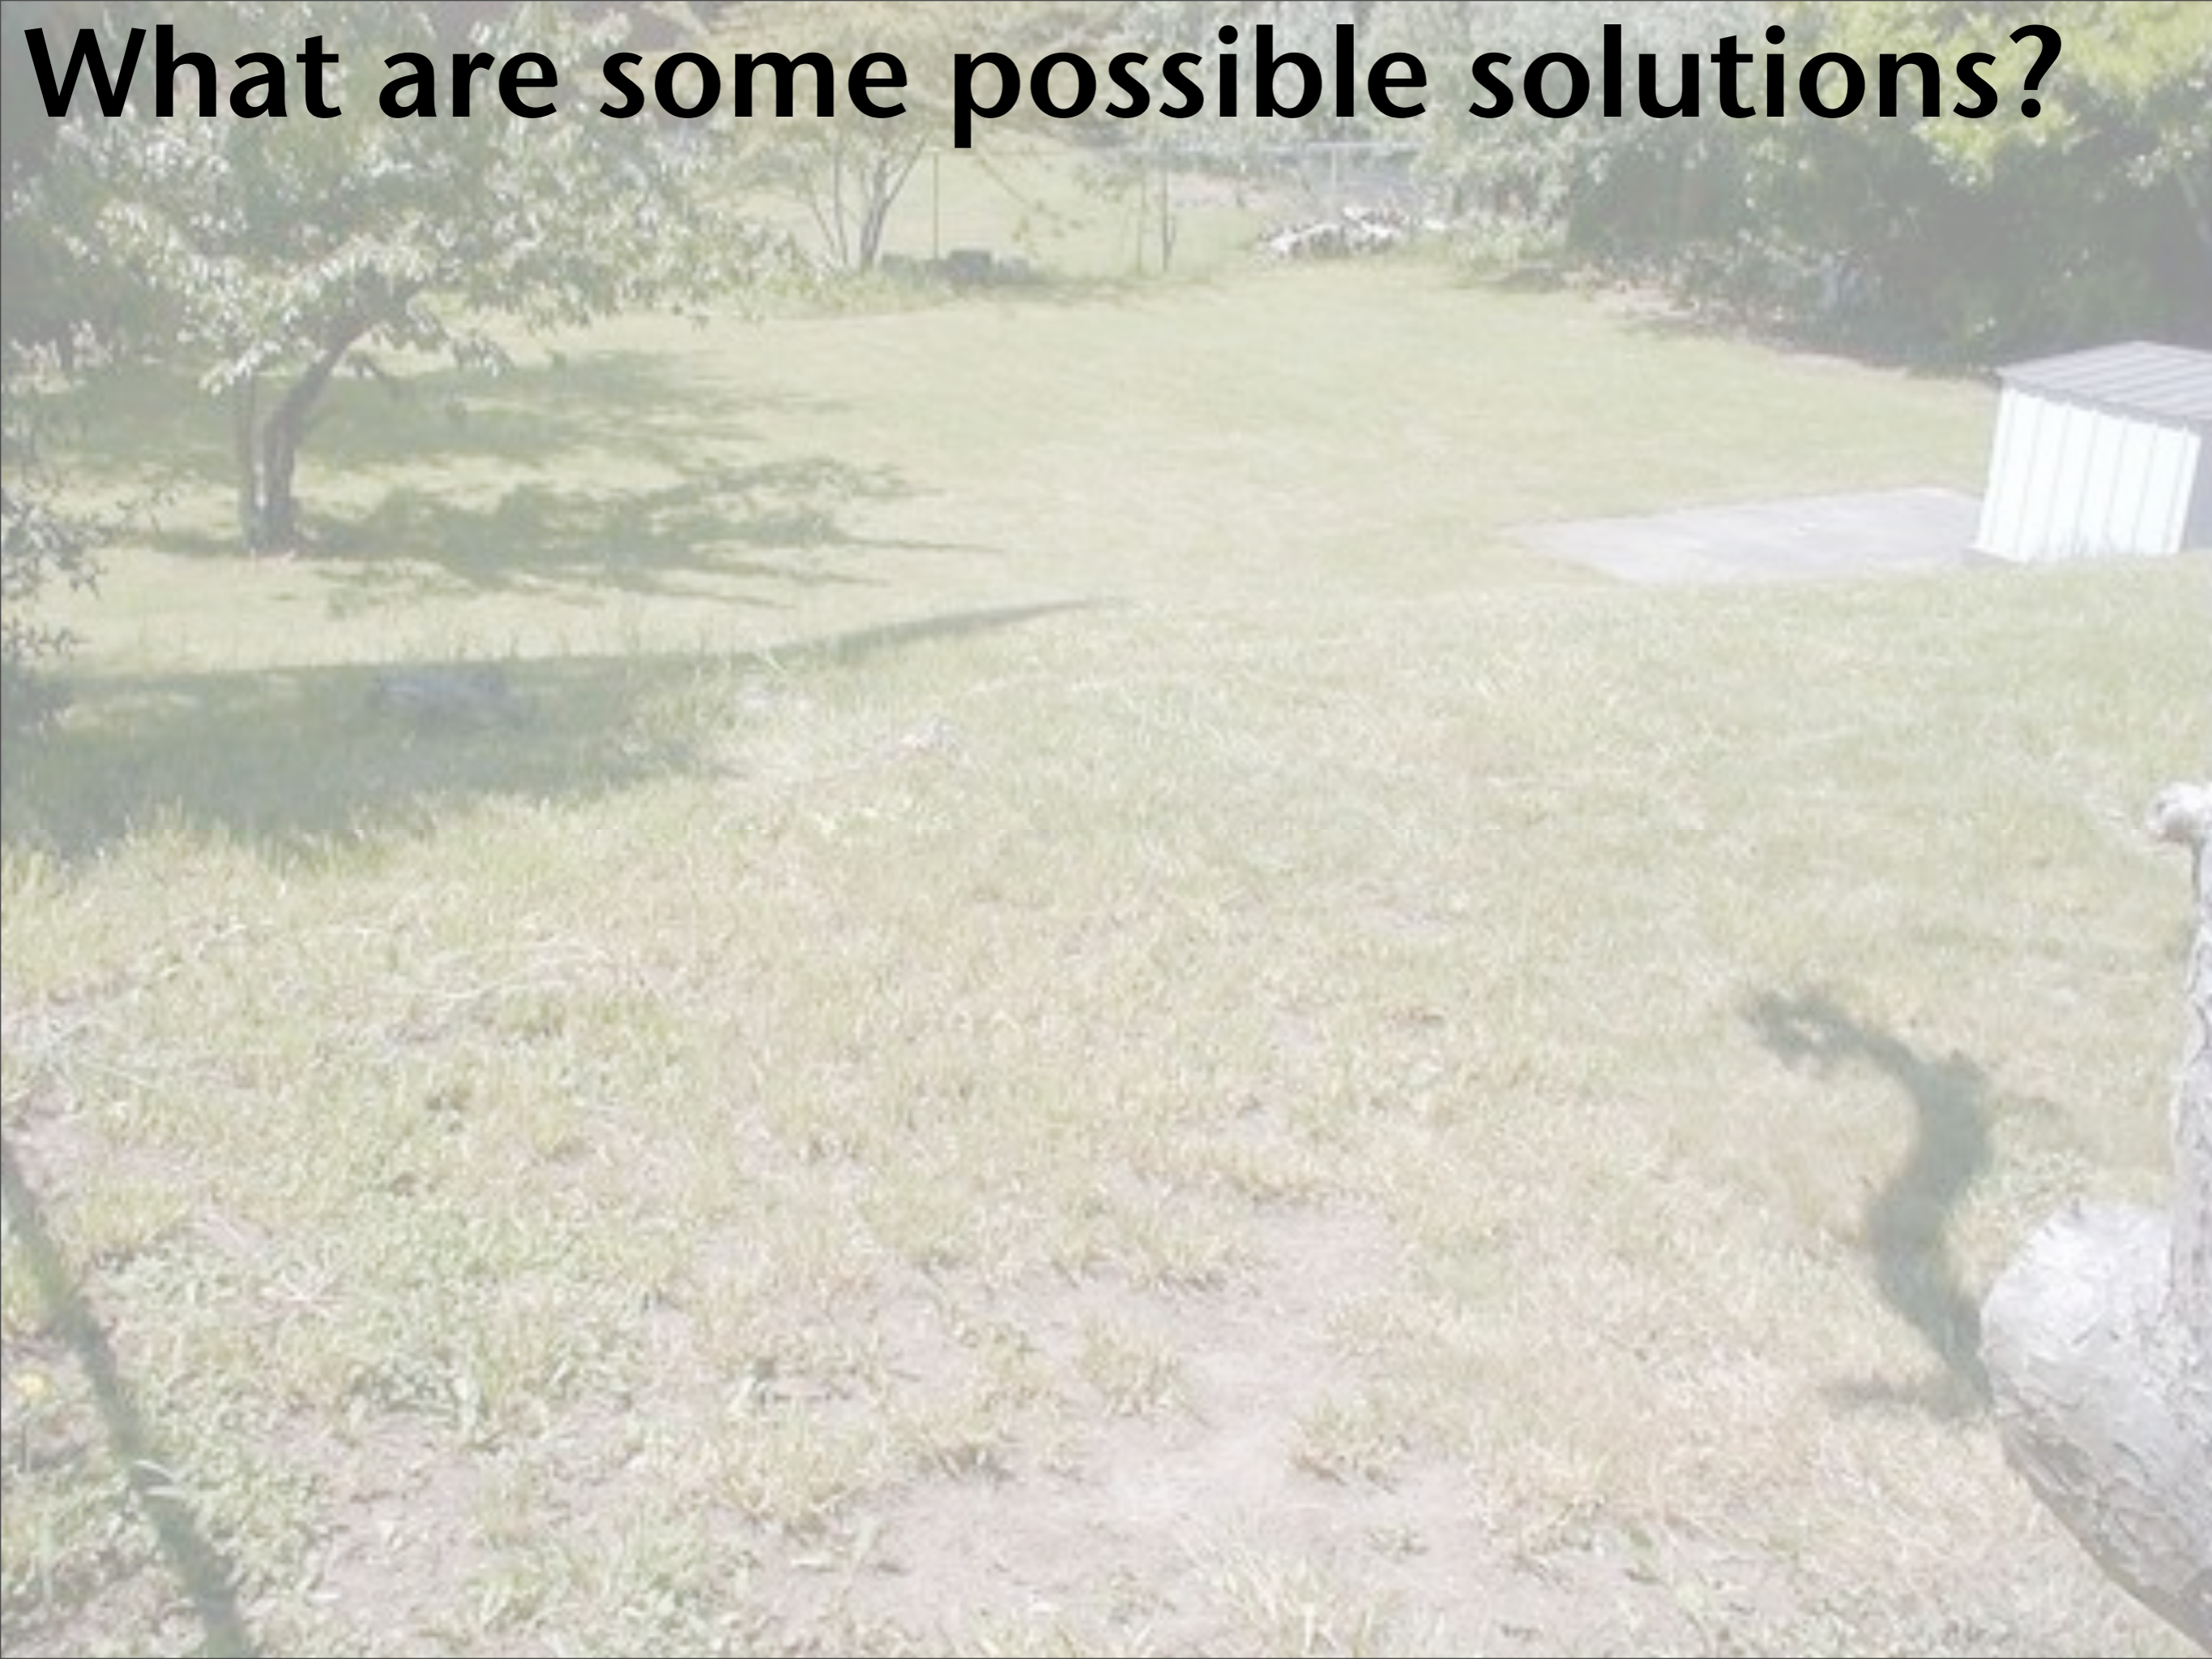

Could you move a bit to your left? I've got some tunnels to dig.

What variables can I control?

What are some possible solutions?

What are some possible solutions?

Trap 'em...
