We collected **baseline data** for the region.

We collected **baseline data** for the region.

We demonstrated...

willingness to **collaborate**

ability to **identify** & **define common variables**

willingness & ability to **share data**

Phase I

Goal: 20-30 common variables

- According to research, what predicts dropouts?
- What is possible to collect across districts?
- What challenges will we face?
- What timeline is feasible?
